The Benefits of our Early Language Learning Programmes

Avery Hill Education programmes are designed to capture a child's imagination

A Unique Programme - Why it Works

Our language programmes for early years and primary use a distinct structure which consists of three integral parts:

1. A story which presents language learning in six parts. Each part is followed by a vocabulary-building activity.

2. Role-play games which build confidence with the language and concepts introduced through repetition.

3. Activity books to extend and consolidate learning in a fun and productive way.

This structure was not stumbled upon by accident. It is the result of a conscious understanding of how children learn and acquire language. The structure enables an immersive language teaching method. This makes it both ideal and successful for excelling a child in their mother tongue or building their foundations in a second language.

Unlike many language learning programmes which focus solely on teaching vocabulary, our programmes focus on immersion in language but also mathematical concepts, problem-solving, cultural awareness, art, geography, history and more. This is truly unique and provides our youngest learners with an incredible head start with their future learning.

Our Online Classes

In order for children to make the most of our online classes, preparation is required prior to each class. At the beginning of a course, parents and educators are provided with a detailed programme as well as access to the relevant learning resources and notes on how to use them.

Preparation for an Online Class

1. **Listening to (and reading) a story part**
   - Each story part is a downloadable document which is accompanied by a sound file.
   - Children can listen to (and read) a story part more than once before an online class.

2. **Viewing an animated role-play game or song**
   - Our videos are to be streamed on our website (they cannot be downloaded).
   - An animated role-play game lasts up to 2 minutes. Children can view it more than once before an online class.

Online Class

1. **Repeating the story part & doing the activities**
   - The activities are to be downloaded and ready to be used prior to an online class.
   - Additional activities are provided as homework allowing children to further consolidate what was covered in the lesson.

2. **Repeating the role-play game & doing the activities**
   - The activities are to be downloaded and ready to be used prior to an online class.
   - Additional activities are provided as homework allowing children to further consolidate what was covered in the lesson.
